“ My heart is breaking. You were a big part of my life even though we didn't spend a lot of time together. We did have those years at camp and I will always treasure them. You know God placed Captain and me right there beside you. You were always so quiet and would continue to startle me when you silently poked your head around the corner or just be standing at the door. You played your guitar and sang when we needed you. There are many memories from the moment you came into my life. (Rhea's Corners). Shirley you knew he was the one from the moment you saw him. Both of you had a terrible year plus with your health and that is so unfair. You, Shirley cared and fought for him despite what you yourself were dealing with. You know that he realizes that and felt enriched that he was blessed with you. He was a man of faith, strong faith so you know he is where he strove to be, in Heaven with God. I believe he is now a healthy man looking down upon you with hugs , appreciation, memories, and undying love. The both of you had many fulfilling years. My prayers reach out to all of you. I pray you find comfort in them and those around you that are there to support you.
