“ Denny was one of the 76 classmates that graduated the year 1976. I believe that it was Jody, Denny and I that posed for the bicentennial picture of the drummers and flutest. We dressed up in clothing from that time in history. I remember going to sporting events and watching him play. My prayers are with his family and friends. I was very surprised to see his picture this morning. I knew immediately who the picture was. My heart goes out to the family.
