“ I remember very distinctly meeting Jackie for the first time....at the store on a saturday...1956....my family was building a camp on mill creek drive, we needed something from the store. When I got there Jackie was outside by the room to the right of the main doors. It was summer and the doors were wide open. I said Hi...told her my name and we just said a few things to each other. but she was the first and only kid I met and talked to in Fisher. She is an institution for Fisher.
