“ *My sympathy and friendship to Jim's family and friends. I was a classmate of Jim's through out his years at C-L School District. We graduated together in 1960. Since then our paths went in different directions, but I connected with him at least once a year at reunions or by my class mailings that went out to him and all our living classmates. It was a shock when I learned he died. I had only talked to him in person a month ago and on Facebook a week before he passed. May God gather him in His arms and give him peace. May you find peace and healing in your hearts, as God will be with you every day. I wish to send sympathy and condolences from all our classmates to you and your family members.
