“ I did not know Jason, however, it is clear his impact on Clarion University and his friends and professors was clear. These things rarely make sense, but my heartfelt thoughts go out to his family and his friends.

“ I send my most heartfelt condolences to Jason's family and friends. I sat beside him in Choir for a year. He was always very kind and helpful - and talented. Your loss is great and I'm truly saddened by most of all his loss. He was a gentle soul who must have hurt terribly. Thoughts of peace for all.

“ I didn't know Jason very well, but I know that he was loved. In the three years that I've had the opportunity to perform with him in choir, his voice always stuck out the most, and I will miss it. I unfortunately will not be able to attend the visitation today, but I would like to express my deepest condolences to Jason's family and friends. I know that he's in a better place now, and he will be missed every day.

“ Jason attended Paddington Station Preschool & Childcare many years ago. Looking at his picture his smile and light in his eyes never changed. I am deeply saddened to see this bubbly, sweet little boy has gone to another life. Jason's accomplishments and the lives he touched with his talents will forever be a wonderful memory.

“ Jason,
We had some snow last night and the trees are still covered and pretty. As I stood outside I could feel God and you around me. We may never know the troubles you were going through. But I know you are at peace. I know you are happy. I know you are with your grandparents and friends that went before. And I know you are making even more beautiful music with the angels. We will see you and hear you again my son!
Love always,
Dad

“ I didn't know Jason. I simply want to extend my condolences to his family and friends at this difficult time. So heartbreaking to lose someone so young. Jason sounds like a fine young man, someone any parent would be proud of. I am so very sorry for your loss. May you somehow, in some way, find the strength and the peace to get through this.
