“ I consider it an honor to have worked with Gee and get to know him, I loved his stories and it never bothered him when I would ask him questions about his time in the service and he had a great sense of humor, our working together was short but he left quite an impression on me that I will never forget.... R.I.P. my friend and prayers and condolences to the family

“ It was truly an Honor to serve with you G. Only so often do individuals come into your circle who's memories last a lifetime. I consider myself extremely lucky to have know you. You were a teacher, mentor and of course a friend. Germany, Italy, Carver, 901s and Chivas Regal! Rest Easy Brother

I served in Italy with a man named Lawrence Garvin. Ran across this page while searching for him. We were in the 1/509th airborne together 1979 1980 timeframe. Don't know if this is the same man or if you will see this.

“ The world is a sadder place without you. You left us too soon, but we know Angels were sent. Thank you for all the fun memories you were part of and helped to create. Times were different back in the mid-80's. It was an analog world. No internet. No cell phones. But, man we had some adventures, not just in Germany, but around other places in Europe. I can tell those stories forever. You won't be forgotten. Rest peacefully G.

*“ Gee always had time to stop and say "Hello" and always had a smile. He was always willing to help out in whatever way he could. I was saddened to hear of his passing and will deeply miss seeing him in our building. He and I often spoke of our families and shared many stories. May God bless all of his family in this very difficult time. Know that Gee was loved by his East Forest family.
