*Ahead of her time. A brave pioneer in the days when a woman s place was in the home, she attended drafting classes, one of the first patients in gamma knife tumor removal and one of first patients to implant the tens unit muscle stimulator. Brave warrior in hope and never giving up the belief in healing! In her prime, she had the voice of an Angel.*

“ *Lorraine and I graduated together in 1964. We were good friends all through school. We played flute together in the band. We had all the same classes together. She was always smiling and laughing. What a great special spirit! But one of her special qualities was her singing voice. A lovely voice that sounded like an Angel. She will be missed by all who knew her. Lorraine you are now in the heavenly choirs singing praises to our Savior and Lord.*
