“ Dear Patti, Andrew, Sis and family, I always had a special spot in my heart for Terri. We had lots of fun in the past making hobo meals and cooking together! We remember when she took a big gash out of her finger while cutting vegetables and staying so calm about it, when we knew it was bad. I'll never forget all the days we all stayed by her side when she was in the I.C.U. unit in Clarion for so long. I remember Dr. Walker coming in to sleep in the next room beside her in his pajamas, so he'd be there if she needed him. There were so many gathering there every day praying for her healing, and the staff kept thinking the hospital was on strike, when we all congregated outside, everyday. Her healing that time was a true miracle! I'm glad that we continued to have some nice talks over the years. I always loved her timid spirit and sense of humor. She was one of the most sweetest spirited , and humble people I have ever met. She is in heaven now awaiting for the rest of us. May her memory live on in the hearts of everyone who knew her. May the peace of our Lord be with you all in this time of mourning. I was so sad to hear that earth lost one of its best ,that God had put in our paths! May she rest in peace., in His presence now. God Bless and praying for your family. Sincerely, Sue Hockenberry

“ Andrew, Jessica and Patti, my heart still aches at the news of Terri's passing. In the past two weeks I have had numerous conversations with her and she wanted nothing more than to get strong enough to fight. She wanted to fight for the three of you and her grand babies. Her eyes lit up every time she spoke of you all. I will miss seeing her on a regular basis as I have had the opportunity to in the last 7 years. I will miss her antics when she would sign in and laughingly state she was 'Hilary Clinton' or some other famous character. I would laugh everytime she would do it. I will miss her smile and her heart as she would talk of her faith. I am thankful for the times we prayed together, the most recent was two days before she passed away. She told me that day that she wanted to get strong enough to begin her vigilant battle; a battle she had fought and won before. I know I will see her again in eternity, and on that day we will look at each other and both say " hey freaky". Prayers for you all as you trudge ahead in this thing called life.
